

**It's official.** After two exciting years, **Art Chicos Unidos** the **La Reunion TX** annual student-mentor program for boys, is destined to become as loved as our **Art Chicos** for girls and we couldn't be more pleased. Once again, we are looking for 9th-12th grade boys who are interested in working with male Dallas artists to help them realize their visions for collaborative outdoor art installations.

**Art Chicos** students will participate in an orientation featuring a discussion on creative career paths presented by the Dallas Art Dealers Association, a one-day workshop apprenticing with a professional artist, and an open house and reception for family, friends and the public the last weekend of the project.

The program will take place at the **LRTX** outdoor workspace and sculpture garden in West Oak Cliff three weekend days in October and November.

#### **ABOUT:**

**Art Chicos Unidos** is an annual program of **LRTX** that seeks to combine high school boys with a wide range of Dallas' male artist/mentors. Our focus is on building teamwork and creative thinking through hands on experience. We encourage student involvement and seek to build an artist-mentor relationship where students explore their artistic expression in a gender-neutral environment.

#### **APPLICATION PROCESS:**

Complete the attached application by **October 4** and return it to your LRTX representative or the person who gave you this application. There are 16 open spots for the 2013 program.
